

About Me

I am a Canadian by birth, I emigrated to the UK in 1998, and the emigrated to Spain in 2004. I have a teenage son.

In October 2000 some mutual friends introduced me to dirty-david, he invited me to his next swingers party where I had the time of my life, so much so that it changed my life for ever. I have made many new friends - and lovers, and I am guaranteed a good seeing to at least every other weekend.

I like having fun with both guys and girls, either as a group or one-to-one.

I do have a partner that loves to share everything with me. We have a lot of fun together. Most of you who are here would probably know him as Dirty David, I just call him that when he's being naughty (which is most of the time) ;-). We enjoy getting together with couples, single males (straight) and with single ladies. We don't bite, we are just as experienced as the neighbors are so please get in touch either by writing to me - details on the "Contact Me" page.
